CFS Aero products Suppliers Terms and Conditions

Order Acknowledgement.

Please acknowledge receipt of incoming orders, confirming your understanding and ability to meet our requirements.

Delivery

Acknowledgement of this order includes a commitment to meet the required delivery date. It is your responsibility to inform CFS Aero products Ltd of any delay to the order, as soon as it becomes apparent. Your delivery performance will be monitored and will be used as part of our supplier selection process. For customs purposes please ensure that customs@cfsaero.com is listed as the notifying party.

Certification

Suppliers holding approvals should ensure products are manufactured/maintained/supplied in accordance with your approved quality system certification including manufacturer's lot traceability when applicable. The supplier must immediately inform CFS Aero products Ltd should any approvals be suspended, withdrawn or expire. All Aircraft Parts must be certified for UK use with a certificate of conformity as a minimum, except where otherwise stated on the Purchase Order/Repair Order.

Managing Change

CFS must be informed of any changes to the product/process, change of suppliers, or change of locations.

Record Retention

Records must be retained for a minimum of 5 years. Permission must be sought prior to the destruction of any documentation relating to a product manufactured by CFS Aero products Ltd.

Technical Information

Please check that the issue of the technical information in your possession is the latest issue before you commence manufacture. If the issue number differs please contact the purchaser.

Surveillance

It is a requirement of this order that CFS Aero products Ltd, its customers and regulatory authorities reserve the right of access to the applicable areas of all facilities, at any level of the supply chain involved in the order and to all applicable records.

Sub-tier Suppliers

The supplier shall not sub-contract or transfer any part of the order without the prior written consent of the purchaser (CFS Aero products Ltd). Should written consent be given all requirements specified by CFS Aero products Ltd must be flowed down on purchasing documents to the sub tier.

Non-Conformance

The supplier shall inform CFS Aero products Ltd of any non-conformance prior to delivery in writing, the Quality department will then decide on the disposition of these items, and inform the supplier accordingly.

Shelf Life

Where items have a limited shelf life, the date of manufacture and expiry date must be quoted.

Packaging and Identification

The supplier must ensure that all goods are adequately packed to guard against damage in transit to the destination irrespective of carriage conditions.

COSHH

Where appropriate, health and safety data sheets must be supplied to assist with our duties under COSHH regulations.

Business Continuity.

It is expected that all suppliers will have robust business continuity plans in place in order to maintain the delivery of products & services at an agreed level following a disruptive incident.

Product Safety

Suppliers are responsible for adhering to the requirements of the contract/purchase order to fully mitigate any potential risk to product safety.

Ethical Dealings

Suppliers will have systems & procedures in place to ensure the highest standards of behaviour & ethics when dealing with any product/service relating to CFS Aeroproducts Ltd product.

Counterfeit/Unapproved parts

Suppliers will have systems in place to prevent the shipping of counterfeit/unapproved parts to CFS Aeroproducts Ltd.
